University of Maryland
CENTER FOR ENVIRONMENTAL SCIENCE

Weekly Summary of COVID-19 Positive Cases

The below table shows the number of members of the UMCES community who have tested positive for the coronav
basis by location with the following caveats:
- Data only includes individuals who have access to campus AND were on campus 14 days prior to the positive test.
- Data does NOT include members of the UMCES community who telework or had not been on campus 14 days prio
test result.
- The table will be updated weekly on the morning of the first business day of the week.

Should you have any questions related to the data in this chart, please contact UMCES Director of Communications A
apelsinsky@umces.edu. **The weekly summary is available at www.umces.edu/coronavirus.**

Week of	8/17	8/24	8/31	9/7	9/14	9/21	9/28	10/12	10/19	10/26	11/2	11/9
