

University of Maryland Center for Environmental Science and University of Maryland College Park

Request for Joint Program Degree in MEES

The University of Maryland Center for Environmental Science (UMCES) is authorized to jointly award degrees in Marine-Estuarine-Environmental Science (MEES) with the University of Maryland College Park (UMCP). UMCES students in MEES and their advisors may request the joint degree. To request award of a joint degree, the student and advisor must complete and submit this form, with all signatures. The form must be sent to the UMCES Vice President for Education who will evaluate the request. Upon approval, the request will be forwarded to the MEES Office and UMCP Graduate School for required approvals.
