Assignment 1 –
6-Word-Story

Target audience

My target audience consists of environmental and economic policymakers that focus on effects of resource management, specifically land use, in this case.

Key words in research

1. Food insecurity
2. Urbanization
3. Population growth
4. Socioeconomic impacts
5. Social justice

6-word-story

Population growth: More people, more disparities

Why 6-word-story is appropriate for target audience

As populations increase, rapid urbanization occurs to accommodate more people in cities. However, this often results in disproportionate impacts to communities. Low income communities are affected by urbanization as their access to adequate nutrition becomes compromised.

6-word-story:

Population growth: More people, more disparities.
