

Summer Internship Recommendation Form

Name of Applicant:

To the Evaluator:

The goal of the oyster hatchery is to produce spat-on-shell to be planted in the Chesapeake Bay for restoration purposes. We also conduct research in an effort to enhance the success and efficiency of this operation. During the summer, we have approximately 15 employees. The days can be busy, long, and physically demanding. Teamwork is essential. Weekend and holiday work is required, and employees often work more than 40 hours a week. The atmosphere is energetic and fun. We expect new hires to possess a positive attitude, flexibility, self-direction, and enthusiasm.

For your convenience, there are two ways to submit your recommendation to us:

Mail: Horn Point Laboratory Oyster Hatchery **E-mail:** tobash@umces.edu
 Attn: Stephanie Alexander
 P.O. Box 775
 Cambridge, MD 21613
