

Coronavirus Testing Sites

(February 5, 2021)

Below is a list of coronavirus testing sites near where most UMCES employees live. Please call to confirm availability and determine if you need an appointment and other documentation. Some locations are broadly available, other sites may be limited based upon where you live, and still others may require an order from a medical professional. Some sites charge, while others are free. An employee may be reimbursed through their unit for the costs of the coronavirus test; however, as with any reimbursement a receipt is required.

Please submit coronavirus test results to UMCES Human Resources (hr@umces.edu).
